

**Light Weight Design**

- Compact for transportation
- Easy for professionals and do-it-yourself rentals

**10" Single Grinder Head**

- Good grinding coverage

**Vacuum Connection**

- Dust-free when used with optional CV324 vacuum

NEW

For leveling or removal of coatings and adhesives on small to medium jobs, the CG25S, single 10" head floor grinder is a perfect choice. Its compact size is easy to maneuver while being able to grind next to walls and stand-ups. The adjustable handle improves comfort while in operation and includes overload protection, safety shut off and voltage guard. Dust-free when used with the CV324 vacuum.

TECHNICAL SPECIFICATIONS**CG25S**

<i>Product Number</i>	701846 30015 5
<i>Grinding Width – in. (mm)</i>	10" (250)
<i>Grinding Disc Size – in. (mm)</i>	10" (250)
<i>Number of Heads</i>	1
<i>Number of Tools Per Head</i>	1
<i>Grinder/Polisher Type</i>	Grinder
<i>Grinding Head RPM</i>	1,440
<i>Direction of Rotation</i>	Clockwise
<i>Production Rate – sq ft/hr (m2/hrs)</i>	200-400 sq ft/hr (18.5-37 m2/hr)
<i>Power Source</i>	Electric
<i>Motor Type</i>	Baldor
<i>Specifications</i>	T.E.F.C. Thermal Protection
<i>Maximum Horsepower*</i>	1-3/4 HP
<i>Net Horsepower*</i>	1-3/4 HP
<i>Voltage</i>	115 volts
<i>Cycle*/Current/Phase</i>	60Hz/AC/1
<i>Full Load Amps</i>	15 Amps
<i>Starting Amps</i>	71.4 Amps
<i>Starter</i>	Capacitor
<i>Vacuum Port Size</i>	2" (50)
<i>Length – in. (mm)</i>	46.4" (1,180)
<i>Width – in. (mm)</i>	20.5" (520)
<i>Height – in. (mm)</i>	45.3" (1,150)
<i>Weight Crated – lbs. (kg)</i>	175 lbs (78.9 kg)
<i>Weight Uncrated – lbs. (kg)</i>	154 lbs (70 kg)

**CV324 Vacuum System**

Ideal for clean and dust-free job sites. Its strong dual motor ensures extraction of dust for commercial operations. The container holds up to 10 gallons of debris and is easily removed for cleaning. The top-mounted manual shaker releases dust, extending the life of the filter.

Product Number: 701846 **30017** 9

NORTON

Floating Body Design

- Allows grinding over rough surfaces
- Less diamond breakage/chipping

Quick Diamond Insert/Detach Plates

- Reduces labor attaching and detaching diamond tooling

Three 6" Planetary Heads

- Best grinding coverage

The flexibility of the planetary heads follow the contour of floor for a more uniform surface. Quick and easy removal and mounting of tooling is virtually effortless. The unit can be split into two pieces for transportation in smaller vehicles, up stairs or into tight work areas. The CG435 has a quick hook-up to the optional CV324 vacuum for dust control. The simple, durable design contains voltage guard, overload protection and an emergency shut off switch.
