

EDW

- n° 70184613960

The Clipper EDW Major is a robust saw bench, first designed in 1937, powered by electric and petrol motors. The 500mm diamond blade will cut to a depth of 195mm. A mechanical water pump supplies water for cooling and dust suppression.

- ▶ Cutting Depth(mm) : 195
- ▶ Cutting Length(mm) : 500
- ▶ Max. Diameter(mm) : 500
- ▶ Engine : Leroy Somer
- ▶ Power(KW) : 4
- ▶ Engine type : LS112
- ▶ Height(mm) : 1550
- ▶ Length(mm) : 1480
- ▶ Weight(KG) : 163
- ▶ Width(mm) : 610
- ▶ Tension(V) : 230
- ▶ Fuel : ELECTRIC 3 PHASE
- ▶ Propulsion : PUSH
